# FLY LIKE A BIRD

A fountain from deep within  
A waterfall in a spin  
A wind is rendering  
An airstream around a wing

Fly like a bird and twirl like a wind  
A rush from the heart, to unfold a spring

A spark of light  
illuminates inside  
Sends shivers down my spine  
And takes me to cloud nine

Fly like a bird and twirl like a wind  
A rush from the heart, to unfold a spring

# PART OF THE PUZZLE

Every little moment  
Every single tick of the day  
Everything you do  
Every little word you say

Every little dream  
Everytime you bend your mind  
Everytime you borrow  
A tiny little bit of my time

It makes me, makes you  
Makes us so complete

Every little move  
Everytime you touch my skin  
It's like I know your thoughts  
And you know what mood I'm in

It makes me, makes you  
Makes us so complete

A part of the puzzle  
A piece of the pie  
That's how we become you and i

We are who we are  
Because of those around  
That's how we become you and i

Everytime you smile  
And every single time you cry  
The answers to the questions  
The knowing of the reasons why

It makes me, makes you  
Makes us so complete

A part of the puzzle  
A piece of the pie  
That's how we become you and i

We are who we are  
Because of those around  
That's how we become you and i

A black and white portrait of a man with dark hair, wearing a dark suit jacket and a dark shirt. He is looking slightly to the left of the camera with a neutral expression. The background is a plain, light-colored wall. The lighting is soft, coming from the left, creating a subtle shadow on the wall behind him.

# DARK LEGACY

I travel into the night  
Courage is my friend  
I know I travel out of sight  
And I know I don't know the end

All around is darkness, and I'm ready for a fight  
Darkness is my enemy, I'm he who carries light

A sound of danger rises  
As I enter the mist  
It is like creatures of the past  
Have come to test my skills

I blend with the colours as they shine on me  
How can I know the unknown?

Be strong – Fight the weakness and be strong  
Be strong – Fight the weakness and be strong  
Be strong – Fight the weakness and be strong

Nobody has ever seen this place  
Nobody has ever heard this noise  
Nobody has ever witnessed this  
This is all mine and the final choice

A misty sound of pride and pain  
Crosses my mind  
And suddenly I know it all  
It's there for my very eyes  
It's all clear to me now

The legacy  
The dark legacy

NOBODY PLACE  
HAS EVER SEEN THIS  
HEARD THIS NOISE

# ELECTRIC FLOWER

She so fine  
All the time  
My electric flower

Growing from a  
Place in line  
Living heartbeat power

Feeding on  
The dark of night  
My electric flower

Glowing like  
Electric light  
Living heartbeat power

We are electric lives  
We are alive  
We are electric flowers  
We are alive

She so fine  
All the time  
My electric flower

Glowing like  
Electric light  
Living heartbeat power

We are electric lives  
We are alive  
We are electric flowers  
We are alive

# THE SKELETON COAST

A shipwreck in the sands  
The remains of Eduard Bohlen  
Like a monument it stands  
Still all it's days and years are stolen

There's a time when we belong  
To ourselves and to each other  
There's a time when we are gone  
There's a time when no one bothers

There's a time when we're together  
There's a time when we're apart  
There's a time we call forever  
In a place we call our heart

- LONELY AS THE SEA

THE WORLD DAY

ON WE WILL

KNOW

# ONE DAY

One day there'll come a time  
One day we'll cross a line  
A tick of time is all it takes  
And we will never be the same again

One day things will change  
One day will seem so strange  
When yesterday is out of date  
Still history will fuel what we create

One day  
One day

One day a star will fall  
One day we will know  
How time has moved each grain of sand  
And we will never be the same again

One day  
One day

- CHANGES

# SECRET PLACES

There's a place in my mind  
Where I hide from time to time  
But you will find me there  
if you look where  
I hide

Secret places, secret gold  
No one knows, nothing's told  
A secret place, a place to be  
I will show you, come with me

There's a place under the sky  
Where I like to go and hide  
When days are dangerous  
And I can't trust  
The night

Secret places, secret gold  
No one knows, nothing's told  
A secret place, a place to be  
I will show you, come with me

I know where to hide  
I know where to be all alone  
But I will welcome you if you  
Don't want to hide on your own

Secret places, secret gold  
No one knows, nothing's told  
A secret place, a place to be  
I will show you, come with me

# I WISH THE SKY WAS BLUE

I wish the sky was blue  
I wish the day was bright  
I wish the sun came through

I wish this world was good  
I wish there was a God  
I wish we understood

I wish belief was mine  
I wish the wind was warm  
I wish we had more time

How can I survive and reach the shore?  
Feels as if I can't take no more  
There are times and there are places to be safe  
Sheltered from what seems to be the truth

I wish the sky was blue  
I wish the sky was blue

I wish the night was dark  
I wish the sea was calm  
I want to travel far

How can I survive and reach the shore?  
Feels as if I can't take no more  
There are times and there are places to be safe  
Sheltered from what seems to be the truth

I wish the sky was blue  
I wish the sky was blue

# BERANEK

SENSITIVE DEPENDENCE

*"The good news is that the synthesiser is alive and well in the service of pop music in 2013.  
The enigma that is Beranek has evolved like some creature from "The lost world"  
to be discovered by those who dare to scale those lofty but ultimately rewarding heights.  
But seriously, when Beranek releases a record it is worth a listen.  
After all, he is not a currency that needs quantitative easing."*
