SHE'S A GREAT DANCER

(BERANEK)

*I keep looking for her everywhere
She seems to be every girl with blonde hair*

*How could I loose her?
How could I let her go?*

*I smell her perfume in my bed
I just can't get her image out of my head*

*How could she do it?
How could you do it?*

*Oh, stay baby, stay
Please don't walk away
I need you, I want you
I cry out for you in the night*

*She's a great dancer - She makes her body talk
She's a great dancer - She doesn't know how to walk
She's a great lover - She does it in the sway
She's a great lover - And when she comes I say*

*She's a great dancer - She makes her body talk
She's a great dancer - She doesn't know how to walk
She's a great lover - She does it in the sway
She's a great lover - And when she comes she says...*

*I see her lips moving in my sleep
I hear no sound but she's talking to me*

*How could I loose her?
How could I let her go?
How could I loose you?
How could I let you go?*

*Oh, stay baby, stay
Please don't walk away
I need you, I want you
I cry out for you in the night*

*She's a great dancer - She makes her body talk
She's a great dancer - She doesn't know how to walk
She's a great lover - She does it in the sway
She's a great lover - And when she comes I say*

*She's a great dancer - She makes her body talk
She's a great dancer - She doesn't know how to walk
She's a great lover - She does it in the sway
She's a great lover - And when she comes I say*

*She's a great dancer - She makes her body talk
She's a great dancer - She doesn't know how to walk
She's a great lover - She does it in the sway
She's a great lover - And when she comes I say*
